

Dear Clergy Campers,

We are so excited that you will be joining us for Clergy Camp 2022 at Silver Lake! We have a great group forming, and our half-week promises to be packed with good fun and good friendships.

We have scheduled times for the waterfront, high and low ropes (you can participate or cheer on your friends), arts and crafts, working in the garden, campfires, and more. We also will spend our mornings in Bible study and sermon prep. And the best thing...because we're adults, if you would rather take a nap or check your email at the Health and Welcome Center you can do that too! It is our hope that we will balance relationship-building, self-care, "productivity," and spiritual retreat in ways that feel renewing and meaningful to you and your churches. And when you head back home at the end of our time together, we hope you feel equipped to encourage your kids and congregations to deepen their connections to Silver Lake as well!

Our group will be located in the Pines. You will have the option of sleeping in the main building OR in one of the outdoor cabins if you would prefer. You will also have the option of using private toilet facilities or the communal "Fred's." There is something for just about everyone's comfort level.

Please remember to bring the following:

- bedding + pillow
- towels
- sunscreen + hat
- water bottle
- bug spray
- swimsuit if you want to go in the water
- money for your camp store account
- closed-toe shoes appropriate for walking
- your Bible and any sermon-prep materials you usually use

Plan to arrive around 3:00 on Wednesday, June 29. Our email addresses are below: please ask questions if you need to know more! We are looking forward to sharing with you in faith, fun, and fellowship in God's big backyard – Silver Lake.

See you at Camp!

Co-Deans Rev. Terry Yasuko Ogawa & Rev. Jackie Hall
