

Shine the Light on Immigration

Join the UCC churches of MA, CT, and RI as we seek together to learn more about the issues surrounding immigration.

During this epiphany season, as a congregation, commit to reading the book, *Dear America: Notes from an Undocumented Citizen*, or watching the documentary, *Documented*. Both resources are by Jose Antonio Vargas. Then host a discussion about what has been learned and share your experience with the wider church by sending a blog post with a picture to Ever Flowing Streams (methotk@macucc.org), our tri-conference justice newsletter.
